

Design your own Nursery!

Step 1. Carry out own research into different nursery settings

Step 2. Design your own nursery, considering different areas and requirements of an early years setting e.g. nappy changing room, sleep rooms etc

You may wish to cut and paste images from the internet/magazines etc. to add to your design.

Consider including these important areas of development for early years children

Let's make some PlayDough!

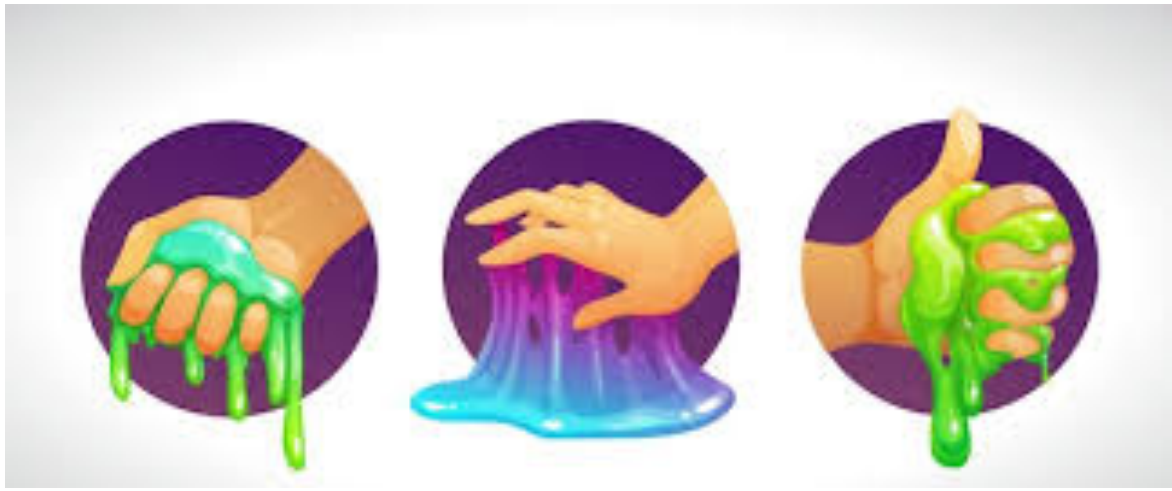

Step 1. Click the link and follow the instructions on how to make home-made playdough <https://youtu.be/oAlAm6BF0fs>

Step 2. In the box below, list 5 fun activities you could encourage children to make using the playdough

✚ *Make your own Alien!*

Step 4. In the Box below, list different ways you could adapt or use the play dough to develop children's 5 senses.

✚ *Smell – add different scents to mixture and get children to guess the smell e.g. strawberry*

Let's make some Slime!

Step 1. Research into how to make DIY Slime

Step 2. In the box below, create your own instructions on how to make your chosen slime recipe

Step 4. In the Box below, list different ways you could adapt or use the slime to develop children's 5 senses.

- ✚ *Smell – add different scents to mixture and get children to guess the smell e.g. strawberry*

The early years foundation stage

The Early Years Foundation Stage

Step 1. Carry out own research into the Early Years Foundation Stage

Step 2. Write 6 interesting facts you have found out, add each fact into a box.
